

Deco

## VISIONAIRE FX™

*Home Theater Systems*

Prestige ~ Pride ~ Simplicity

Created by a leading interior designer, Deco combines the classic lines of home theater with the subtle elegance of decorative moldings and fascias. Best of all, G-3 designs are engineered with VFX's "FaceForward" design technology, enabling you to fully remodel and change your theater into the future. With the Deco theater, VFX continues to further our position as the source of the most innovative, well crafted and designer-friendly home theater products available anywhere.

The best way to understand the superiority of VFX is to experience a system firsthand. To do so, please contact VFX or visit VFX online at **[www.visionairefx.com](http://www.visionairefx.com)**.

VFX is available through an exclusive network of elite dealers nationwide.
